\* Caller ID and POP Features work only if you subscribe to the service provided by your local telephone company. There is usually a fee for this service.  
† Caller Type 2 service is currently not available in New Zealand. † In the event of a power failure occurring, the Corded Handset on the base requires 2 seconds to become operational after it is picked up. The Cordless Handset will not operate. # The actual enclosed product and its colour is shown on the front of the box. †† The DECT 6.0 Interference Free Communication logo is a trademark of DECT forum.
