[Operating Manual PDF](#)

Using sophisticated GPS Technology the GPS 501 provides a 3 in 1 GPS unit. Featuring a 2" Backlit Clear White LCD Display the GPS 501 provides a Road Safety Warning System with Voice Assistance alerting you of Fixed Speed Cameras, Red Light Cameras, School Zones and Black Spots.

The GPS 501 is a great handheld and recreational GPS. With In-Car or Handheld Battery Powered Operation the GPS 501 is the Ideal Portable GPS unit. It is even able to advise you on screen and by voice assistance your current position, coordinates and user selectable map datums. Ideal for outback driving and outdoor pursuits the GPS 501 can record your route using bread crumb tracking.

The GPS 501 is also great for boating allowing you to record your favourite fishing spot, display your directions and course, and also through the bread crumb tracking systems, back track and return to your origin safely.

This GPS product is 100% legal and has the potential of paying for itself in weeks.

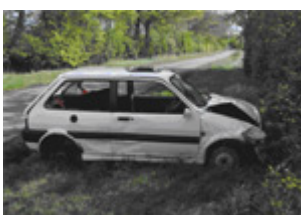

Suggested Retail: \$249.00
