RANGE OVERVIEW

KEY FEATURES

Solar Powered Compatible Connect the optional Solar Panel to the App Cam Solo+ for non stop power for battery recharging during daylight conditions†.

Thermo Sense Technology is a smart heat and movement sensor to eliminate any false triggers and ensure you are alerted to real alerts.

100% Wire-Free Free from ugly cables and wiring hassles. No need for base stations.

Quick Swap Rechargeable Battery Long lasting power per charge of the battery with convenience and portability where you can install almost anywhere where there is WiFi Coverage#.

Up to 180 Days Standby Time^ Advanced power-saving technology frees you from frequent recharging. Based on full charge on the rechargeable battery included with 1 motion detection a day.

Two-Way Talk Listen to what's going on and talk back through the built-in mic and speaker.

Intelligent Alerts Get instant app push notifications, email & sound alerts when danger happens.

Night Vision Exceptional 10m night vision lets you see clearly, even in the dark.

Remote Access View your home & business on smartphones & tablets with Uniden Solo App anywhere & anytime.

Low-Battery Notifications Get instant alerts when battery capacity reaches 10% so you won't miss anything.

Rapid Wake-Up Wake up at once when you view live streaming or when motion events are detected.

Place & Move Anywhere Place the camera in your baby's or pet's room, porch, etc., indoors & outdoors.

Siren Alert Trigger a siren built into the camera to deter unwanted visitors.

Weatherproof Design (IP65)* Place the camera outdoors/indoors without worrying about the weather. Uniden App Cam Solo+ guards you rain or shine.

1080p Full HD Get crystal images/videos with true 1080p Full HD. View live streaming in more detail.

130° Wide Viewing Angle Provide wider field of vision, cover more areas and reduce blind spots.

Motion Detection Record (Optional) Motion events will be recorded on an external SD card and/or cloud. (SD Card not included – 64GB maximum card compatible with minimum Class 10 for recording).

Innovative Installation Design Stick Uniden App Cam Solo+ on the flat mount and twist it in any directions.

Cloud & SD Card Backup Compatible Micro SD card for local storage and cloud backup compatible for offsite storage.

Smart Home Ready App Cam Solo+ will be compatible with other Smart Home Integration systems. Please visit uniden.com.au for compatibility.

THERMO SENSE
HEAT & MOVEMENT SENSOR DETECTION

Thermo Sense technology is a smart heat sensor that detects motion from people as opposed to movement from trees and false alarms. The Thermo Sense feature on Uniden security PIR cameras allows you to receive notifications from actual events giving you the ability to act quickly and call the police when needed.
