Durable, Reliable and Convenient

Made of ABS+Silicone Material, the solar power bank comes with carabiner clip and compass.

Solar battery charger with solar panel can recharge by solar or via USB

Please note, do not take solar as the main power source as it mainly for topping off power as it's subject to sunlight intensity and panel conversion rate, which may take time to charge.

Five Pilot Lamps indicate the status of Solar Power Bank Charge

When charging the power bank by the solar panel, the green indicator will be on.
