Introducing Uniden's new range of high definition widescreen LCD TV's. This 42" LCD TV is designed by Uniden's experienced team of engineers in Japan for tomorrows digital home. Designed with a stunning high gloss piano black finish these LCD Panels bring a fresh new contemporary styling to the home.

The Uniden LCD televisions are designed with concealed front panel speakers and multiple inputs for connectivity – two HDMI Ports, two Component Ports, two Composite Ports and a S-Video Port. The array of ports available on the TV allows you to connect all your peripherals such as DVD player and Recorder, X-Box, Playstation and host of other peripherals. With a dynamic contrast ratio of 1200: 1 for brighter and realistic images and a fast response rate of 8ms the Uniden LCD TV's ensure your picture will be the best everytime you watch it.

Combining all the capabilities of modern LCD technology, the televisions are so user friendly with easy-to-use menus and a compact remote control. The LCD TV's are equipped with SRS TruSurround XT for spectacular sound reproduction.

The TL42WRA-B is elegantly designed to suit any home environment and if you love a product designed with meticulous detail and excellence, this will be the product for you.

Suggested Retail: $2499.00
