The most compact handheld communicator on the market today.

The UH036sx-4 is the second generation of the popular UH036 unit with the new feature of D+ Booster which uses precision matched antennas to deliver superior range and enhance battery efficiencies compared to standard UHF systems.

An ultra compact portable unit with exceptional range up to 3+ km. Featuring an ultra compact design, 40 licence free channels, range extender capability, and auto battery save. For easy, two-way radio communications, Uniden's UH036sx-4 is it! Just push the button to talk and release it to listen.

Our new ultra compact design allows you to take the UH036sx-4 anywhere - walking, camping, shopping, biking or just hanging out. With extended range and crystal clear sound, UH036sx is the ultimate in affordable wireless communications.

Suggested Retail: \$99.
