Introducing the latest in UHF Communications from the world leaders in wireless communication.

This unit uses 80 Channels making it one of the first UHF Handhelds in the market available and user upgradeable for free when the ACMA standard is published early in the year.

The UH076SX-NB is the ultimate in compact UHF communications and is ideal for the Truck Drivers, 4-Wheel Drivers and Caravan Drivers.

Uniden's reliability and experience in UHF makes this the perfect unit for the professional who needs to keep in touch with the outside world. The UH076SX-NB offers the finest components, engineering and styling and offers outstanding performance in virtually all conditions and situations, just what you would expect from Uniden.

Built Rugged for Australian and New Zealand conditions with its Metal Alloy Casing, the UH076SX-NB is a compact 5 Watt UHF radio featuring waterproof^Δ construction to operate in the most intense environments.

The UH076SX-NB is an ultra compact unit consisting of 80 Channel Ready (User Upgradeable for Free), CTCSS, Long life Super Switch and many more features.

With Range Extender (Duplex) Capability, the UH076SX-NB unit can reach up to 15km and can achieve even further range depending on the location of your local repeater station and topographical conditions. Designed and Engineered in Japan to offer outstanding performance in virtually all conditions and situations.

This radio is for those people wanting a powerful waterproof^Δ UHF radio so you can be sure to stay in touch.

Ideal for:

80 NARROW BAND CHANNELS

5 WATT POWER
