Built for Rugged Australian and New Zealand Conditions! The UH710SX single pack comes with one UH710SX UHF radio as well as a desktop charger and an earpiece microphone.

The UH710sx units have exceptional range in excess of 6+ Kilometers. Featuring 1 Watt Power and D+ Booster which uses precision matched antennas to deliver superior range and enhance battery efficiencies compared to standard UHF systems. Featuring a new rugged and ergonomic design this is ideal for people in the commercial industry and anyone wanting the complete UHF package with exceptional range. Other features include 40 license free channels, Range Extender (Duplex) Capability, and Long Life Super Switch giving you extended battery power. The UH710SX also has DCS (Digital Coded Squelch) allowing you choose from 104 alternative digital codes that can be sent with your transmission. The digital code is recognised by the compatible receivers enabling them to receive or block unwanted conversations.

Designed in Japan to offer outstanding performance in virtually all conditions and situations. Uniden's UH710SX is compact enough to take anywhere - walking, camping, or at work. With extended range and crystal clear sound, the UH710SX is a superior choice in wireless communications.
