Introducing the latest in Home Video Intercom Systems, and what makes this so special is that it is Wireless4 and Portable. Uniden's new Wireless Home Video Intercom is designed for households and small businesses allowing you to see who is at the door or reception area. Even when you are not at home you can view who has been at your house by recording who has visited you. It is a user friendly plug and play high quality digital encrypted intercom that will be sure to impress.

**See who is at the door**  
even when you are not  
at home by recording  
who has visited you.

Splashproof Outdoor Video Intercom Camera positioned at the entrance

The receiver lets you view who is at the entrance and can even record conversations

Visitor Recording - an Optional SD Card allows you to record all visitors. The SD card can be removed for back up or viewing of visitor records on a PC. The video files are AVI format @ 640v480 VGA resolution.
