Designed and engineered in Japan, Uniden's WDECT 2315 + 1 uses the innovative new 2.4GHz WDECT technology.

WDECT is a Wideband digital technology which delivers increased clarity, range and security.

The WDECT 2315 + 1 comes with two handsets for extra flexibility, Alpha Display Caller ID, 100 Caller ID memories and the ability to allocate individual caller ring tones to enable easy caller identification. The Digital Duplex Speakerphone on the two handsets makes handsfree communication a breeze. This great product also allows Two-Way Communication between Handsets Anywhere without the Base. An orange backlit LCD Display and Keypad enables easy use in all light conditions.

Uniden quality and performance make the WDECT 2315 + 1 an outstanding choice.

Suggested Retail: \$139.00

The WDECT 2305 is available as an additional handset and charging base.
Suggested Retail: \$79.00
