Designed and engineered in Japan, Uniden's WDECT 3315 + 1 uses the innovative WDECT technology. Built from the first generation of the WDECT cordless phone which achieved number one status in the Australian and New Zealand Market the WDECT 33XX series of cordless phones are an excellent choice.

WDECT is a Wideband digital technology which delivers increased clarity, range and security. The WDECT 3315 + 1 is equipped with two Handsets allowing taking a call to never be so easy. Two Handsets are ideal for transferring a call from one room to the next or alternatively call conferencing with the handsets and the outside call.

The WDECT 3315 + 1 has Alpha Display Caller ID, 100 Caller ID memories and the ability to allocate individual caller ring tones to enable easy caller identification. The Digital Duplex Speakerphone on the handset makes handsfree communication a breeze.

This phone is multi handset capable, allowing up to 4 handsets to be connected to just one phone socket. An orange backlit LCD Display and Keypad enables easy use in all light conditions. Uniden quality and performance make the WDECT 3315 + 1 an outstanding and reliable digital choice.

Suggested Retail: \$109.95
The WDECT 3305 is available as an additional handset and charging base.
Suggested Retail: \$69.95
