Introducing Uniden☐s latest cordless phone range offering the innovative 5.8GHz Frequency Hopping Spread Spectrum (FHSS) technology providing a secure line and superior call clarity derived from military DSS technology.

Engineered and Designed in Japan by Uniden☐s famous engineers this range features a polished silver finish and is designed with sleek European styling. The WDSS 5335 + 2 provides powerful features including a 3 line Backlit LCD display on the handset for easy viewing at both night and day, an extra two Cordless Handsets, Conference Capability and so much more. The WDSS 53xx series are wireless (Wi-Fi) network friendly, operate with up to 8 handsets and are Wall Mountable allowing you to place it almost anywhere in your home.

The WDSS 5335 + 2 also has an Integrated Digital Answering Machine so you don☐t miss that important call. The phone system also has Alpha Display Caller ID, 100 Caller ID memories and the ability to allocate individual caller ring tones to enable easy caller identification. The Digital Duplex Speakerphone on the Handset makes handsfree communication a breeze. Combine all these with the added convenience that 5.8GHz Technology will not interfere with typical wireless networks, and you have the perfect communication accessory to suit households of any size.

Suggested Retail: $199.95.
The WDSS 5305 is available as an additional handset and charging base.
Suggested Retail: $89.95
