Range Brochure PDF

Operating Manual PDF

This great value feature-packed cordless phone is part of the 900MHz SCR Technology range of phones.

The XSA975 also has the added benefit of a dual keypad as well as a second handset and an inbuilt digital answering machine.

This exclusive SCR technology allows better signal clarity and range, while minimising the chance of interference. Handsfree Speakerphone on the base allows for easy handsfree talking and a Super Chat Battery extends talk time to a long 10 hours. Maxi-Sound gives extra loud handset volume control, and the new Rocket Dial feature means that you can reach your VIP number with the touch of a single button.

Suggested Retail: \$179.00
